

68th ANNUAL TOOELE COUNTY LIVESTOCK SHOW AND SALE

August 3-6, 2016
Deseret Peak Complex
2930 West Highway 112
Tooele, Utah 84074

FOREWORD

The purpose of the TOOELE County Livestock Show is to promote and encourage FFA and 4-H Club members of this county in the feeding, production, and improvement of livestock.

The object of the show is to furnish the exhibitor a medium through which they may display their best animals and in a practical way learn some of the lessons of competition, cooperation, showmanship, and market demands, thus culminating in a better appreciation of the value of livestock production and agriculture. The livestock show and auction is sponsored by the Tooele County Commissioners.

TOOELE COUNTY JUNIOR LIVESTOCK SHOW & SALE

RULES FOR 2016

This code of ethics applies to all exhibitors in the Tooele County Jr. Livestock Show & Sale. It includes Junior exhibitors who compete in structured classes of competition. All classes of livestock offered at the livestock event are included.

The following is a listing of guidelines all exhibitors must follow to enter livestock at organized competitive events:

GENERAL

1. All participants are **REQUIRED** to turn in a completed Record Book after the conclusion of the livestock show by October 3, 2016. FFA books are submitted to their FFA Advisor and 4-H books are turned in to the Tooele County 4-H Office, 151 N. Main, Tooele, Utah, 84074. Those participants who do not turn in a record book by October 3, 2016, **CANNOT** participate in the 2017 livestock show.

All participants are invited to participate in the 4-H/FFA Record Book contest at the Livestock Show. (This contest is optional and does not fulfill the record book requirement described above!) Record Book contest entries are due Tuesday, July 26, 2016. 4-H Portfolios are turned in to the 4-H Office and FFA Books to your FFA advisor. 4-H Portfolio and the Official Utah FFA Record Book are the accepted standards for the contest. Books will be judged in 5 classes consisting of:

4-H Junior (3rd - 5th grades)

4-H Intermediate (6th - 8th grades)

4-H Senior (9th - 12th grades)

FFA 9-10th grades

FFA 11-12th grades

Prizes of \$100.00, \$75.00, and \$50.00 for 1st, 2nd, & 3rd place books in each age category will be awarded.

2. **ALL PARTICIPANTS are required to participate in Fitting & Showmanship, NO EXCEPTIONS!** Youth who do not participate in Fitting and Showmanship will be sifted from the auction. Youth showing 2 different species may choose one species to fit & show or do both.
3. **All pigs must be washed and clipped at home or they will be barred from participation and tags must be easily visible at weigh in time. All lambs must be slick-shorn before coming onto the stock show grounds. No animals may be unloaded before weigh in time. Each animal is allowed only one trip through the official weigh-in scale.** Scales are available to check your animal's weight during the summer. Check with your project advisor.
4. If Tooele County Livestock numbers do not exceed show animal limits then out of county youth will be accepted based on postdates of entry forms starting May 15th. Show animal limits will be 50 beef, 75 hogs, 50 lambs and 25 goats.
5. All exhibitors must be in the third grade, but not less than 8 years of age as of October 1, 2015, and must be a legal resident of Tooele County unless (in the case of divorced parents) they live with one parent outside the County for school but live with the other parent in the County during the summer and take care of their own stock-show animals. Exhibitors can only show through the same season as their high school graduation but not past their 19th birthday. Exception: Disabled persons as defined by Public Law 98-527. In these special cases, all other rules apply.
6. Group Affiliation: An exhibitor may enter this show only as 4-H or FFA members but not both. Exhibitors must declare one or the other at time of entry and will participate in the ENTIRE event in that group affiliation. This will be monitored by members of the committee and offenders will be sifted.
7. Ownership of animals: The exhibitor will own, feed, and care for his/her project animal(s) for not less than 100 consecutive days for market steers and 60 days for market swine, lambs and goats immediately prior to the show in which they intend to participate. No interruption of ownership can occur. All exhibitors must have viable proof of ownership available showing the length of time they have owned the animal. The official ownership date is the date shown on the bill of sale, unless the animal was bred by the exhibitor, in which case calving or birth records must be shown. **The livestock project animals must be located in the same county as the exhibitor during the required ownership period unless the individual qualifies for an exemption under rule 5.**
8. Fitting on show grounds: The fitting of animals will take place in areas designated by the Livestock Show Committee. Parents, guardians, siblings, club leaders, Extension/4-H agents, and FFA Advisors may assist, and are encouraged to assist the younger exhibitors. However, each exhibitor must be working with the project animal and be in attendance with that animal during the entire fitting process or face forfeiture of prize money.
9. Treating an animal internally or external with an irritant, counter-irritant, or other substance used to artificially change the conformation or appearance of an animal for show is considered unethical, inhumane, and is prohibited. This includes, but is not limited to, the use of graphite, powders, hemp, artificial hair, coloring, common products such as fly spray, ointment, or liniment used to the point that it is irritating, or similar type products. The use of dyes, spray paint, or other artificial coloring which result in altering an animal's true and natural appearance and/or color is prohibited. Adding false hair or hair-like material fleece, or skin at any point, spot or area of the animal's body is illegal and will result in immediate disqualification. Any liquid or substance not considered part of an accepted and normal diet for livestock is deemed illegal and inhumane. For example, the use of alcoholic or carbonated beverages as a drench or filler, etc.
10. The use of tranquilizers, sedatives, or depressants which alter the physical or physiological state of the animal is illegal. Exceptions to this rule would be licensed, certified veterinarian's treatment for a recognized disease or injury. The drugs must be approved by the Food and Drug Administration for use in meat producing animals. All exhibitors shall advise show management of any drug and/or medication administered to an animal that might be detected at the time of showing or at meat inspection. The name of the drug, its purpose, the person who administered the drug, time, and date of administration shall be presented to show management prior to the showing and sale of the animal. Failure to report this information to the show management will result in severe penalty and/or disqualification. **Any use of drugs or substances not approved by the FDA is strictly prohibited.** All animals entered into livestock competition shall be subject to testing for foreign substances that exceed acceptable levels established by the DFA, FSIS, USDA, or EPA. During the livestock events, in the case of animals requiring treatment, all medications shall be administered by a licensed veterinarian and the livestock show officials shall be notified.
11. Surgery, injection or insertion of foreign material under the skin and/or into the flesh of an animal to change the natural contours, confirmation, or appearance of an animal's body is illegal. This includes vegetable oil, silicon, or any other substance used to alter the shape of an animal. Acceptable practices of physical preparation which are allowed include: clipping of hair, trimming of hooves, dehorning, or removal of ancillary teats, etc. The use of inhumane fitting, showing, and/or handling practice or devices shall not be tolerated. For example, breaking of tails, striking of the animal to cause swelling or for bracing purposes, use of an electrical contrivance, muzzles, etc., is not acceptable.

12. **Direct criticism or interference with the judge, show management, other exhibitors; breed representatives, or show officials before, during, or after the competitive event is prohibited. This includes final decisions of the show veterinarian. Violators will be dealt with on a case by case basis by show officials.**
13. At the time an animal is sold at auction the exhibitor shall be held directly responsible for animals that are rejected at a processing center due to the presence of foreign residues. The seller may be liable to the buyer for an amount equal to three times the purchase price and may also be liable for attorney's fees and civil penalties.
14. Show management may share acceptable intelligence and evidence information with FDA or USDA. If, for any reason, any part of a meat animal carcass must be removed by the FDA or USDA inspectors, the market price will be discounted. Show management reserves the right to require animal health certificates. Health inspection and diagnostic tests may be made before or after animals are on the livestock show premises for exhibitor and animal safety, or to inaugurate disease control procedures which may become necessary in emergencies as determined by animal health officials. **Any violation of the "Tooele County Jr. Livestock Show and Sale Code of Ethics" will result in disqualification and forfeiture of premiums, awards, and sales money, and may result in probationary status and/or loss of eligibility for future participation in organized livestock competition.** Possible civil penalties may be imposed by the proper authorities based on evidence provided by the livestock show of exhibitors in violation of the Federal Food, Drug, and Cosmetic Act or the animal mistreatment, neglect and abandonment laws that apply on the local, state, and national levels. Other cooperating shows will be notified of the action taken by show management which may affect the eligibility of the individual, group, or sponsoring organization for participation at other shows. **The decision of the livestock show management will be final.**
15. Dress Code for show and sale:
 - 4-H - A long or short sleeve shirt which fastens down the front with a collar is mandatory. Shirts must be white or predominately white in color and need not be Western style. The following will not be allowed: T-shirts, tank tops, tube tops, or sleeveless shirts. There is to be a 4-H emblem or patch on all 4-H member's shirts.
 - FFA - Either a white shirt, tie, and FFA jacket, or a white shirt with the FFA emblem and tie (No T-shirts).

Exhibitors who fail to abide by dress standards will forfeit premium money and be sifted from the auction. Committee members will monitor this.
16. Sales Fee: A sales fee of 3% will be withheld from sales checks.
17. Buyers with delinquent accounts will not be allowed to purchase or boost until the full amount owed is paid.
18. Payment from buyers will only be accepted after issuance of the official invoice. Payment must be in the form of a check.
19. Withdrawal: An animal may be withdrawn from the show prior to the sale. Prize money must be forfeited.
20. Liability: all entries are accepted with the understanding that neither sponsors nor officers shall be held responsible for any loss or damage that should arise to livestock or exhibitor. Each exhibitor shall be responsible for any loss or damage done by his/her animal to any other animal or property, and will indemnify the sponsors and officers against all legal and other proceedings thereto.
21. Entry forms for auction livestock **must be postmarked and sent to Tooele County Jr. Livestock Show, 86 Kelsey View, Tooele UT, 84074 by June 15th** of the current year. Entry form is available at www.tooele4-h.org.
22. No exhibitor will be allowed to show an animal if he/she cannot control the animal in the show or auction ring. Older assistance will be permitted. The ring officials will make the determinations.
23. Each chairperson is responsible for judges and any decision for the department.
24. Any animal not fitted, cleaned, or cattle not broke to lead shall be sifted by the committee; and the judge will award no premium to such animals.
25. Animals that do not grade according to the USDA grading system will not be sold unless the committee rules otherwise.
26. Exhibitors removing animals prior to 7:00 PM on Friday without permission of the department supervisor will forfeit their prize money.
27. The only people allowed in the show ring are the judges, the exhibitors, and authorized show officials.
28. There will be no prize money or ribbons awarded for any class of animal not listed in this book. Any animal receiving a white ribbon will be sold at floor price with no premium being paid.
29. The Danish System will be used on market classes.
30. Each exhibitor will be limited to two (2) animals.
31. Rosettes will be awarded to grand and reserve champions in market beef, lamb, goat, and hog divisions. Buyers of these animals will also receive a rosette.
32. All pens and stalls must be cleaned by the exhibitor before leaving the show grounds.
33. Identification signs must be displayed on each pen or stall showing ownership.
34. For security purposes, the doors of the arena will be locked at 10 pm and no entry will be available until the next morning.
35. Feed and Supplies: All feed, feeding equipment, bedding, etc. must be supplied by the individual exhibitors. Wood shavings will not be provided for purchase at the fair. Exhibitors will need to bring their own.
36. **Any lamb showing evidence of club lamb fungus will be quarantined immediately and after verification of infection by the show veterinarian will be sifted and removed from the show grounds immediately.**

BREEDING SHEEP SHOW: Wed., August 3, 2016

RULES

1. All animals will be mouthed to check for age.
2. No ewe lambs registered for the Tooele County Livestock show market classes can be shown in the breeding show.

Aged Rams (1-10 years old)	Ribbon & Premium
Champion Ram Class	Buckle

MARKET RULES

1. Drug Withdrawal: It is unethical, and, in most cases, unlawful to administer drugs to livestock within 20-30 days of slaughter. Animals too unmanageable to show should be withdrawn from their class rather than be tranquilized. This situation will be monitored by the local show committee and the show veterinarian. By federal regulation, random testing will occur at slaughter, and animals will be condemned which have been given any injection or oral dosages of tranquilizers, pain killers, antibiotics, diuretics, steroids, or other foreign substances during withdrawal periods before slaughter. All sales money will be withheld in such cases. Bloat medicine and other medication with no withdrawal requirements may be permissible. Exhibitors need to be aware of potential health hazards to consumers who eat animals that have received any above-mentioned dosages. Please don't put someone's life in jeopardy.
2. Drug Testing: The Tooele County Junior Livestock Show and Sale Committee reserve the right to drug test any animal at any time. The show and sale have a Zero Tolerance Policy for any drug use. Any positive drug test is a violation of the "Tooele County Jr. Livestock Show and Sale Code of Ethics" and will result in disqualification and forfeiture of premiums, awards and sales money, and may result in probationary status and/or loss of eligibility for future participation in organized livestock competition.
3. Tagging: The FFA Advisor, Extension/4-H Agent shall tag each animal and process the proper forms. **Tagging deadlines are: Beef: April 25, 2016 and Hogs, Lambs and Goats: June 3, 2016**

All ewe Lambs and doe Goats must be properly tagged with a scrapies tag. Most breeders will have this done for individuals purchasing lambs. Should a tag be lost or pulled out of the animal's ear, the exhibitor will advise the committee supervisor immediately so the tag can be replaced and the appropriate paperwork can be processed. No 4-H animals will be tagged unless the exhibitor is registered for the current 4-H year and the enrollment fee has been paid to the 4-H office.

4. Market Animal Weights:
Ideal market weights as determined by the meat industry may vary somewhat from year to year but the following guidelines may help determine how your animal is progressing.
 - Beef: On the day of the weigh-in should weigh at least 1,000 pounds with no maximum weight suggested. Steers are estimated to gain approximately 2.7 lbs/day*
 - Swine: On the day of the weigh-in should weigh at least 230 pounds with no maximum weight suggested. Hogs are estimated to gain approximately 1.7 lbs / day*
 - Sheep: On the day of the weigh-in should weigh at least 100 pounds with no maximum weight suggested. Lambs are estimated to gain approximately 0.75 lbs/ day*
 - Goats: On the day of the weigh-in should weigh at least 60 pounds with no maximum weight suggested. Goats are estimated to gain approximately 0.5 lbs/day*

*These estimates are based on animals in ideal conditions, on full feed, using a balanced ration.

Exhibitors need to understand that the market system penalizes animals under the ideal market weights through lower prices. Exhibitors whose animals are sifted from the auction because the weigh-in weight is less than the minimum may still participate in fitting and showmanship classes.

5. Entry Forms and Deadlines: Exhibitors are responsible for mailing their own entry form from May 15-June 15. Exhibitor must declare which animals are to be shown and submit an entry form and entry fees, including ear tag numbers. **Entries may not**

exceed the limits for each show including one alternate animal per species. Forms must be signed by the appropriate Extension/4-H Agent or FFA Advisor, and should only be signed for those youth enrolled in their program.

6. Eligibility for group and family feeding programs will be verified by the Extension 4-H Agent or FFA Advisor and parents. Entry fees will not be withheld from sales checks; those fees are to be sent into the show along with all entry forms. **This show may reject forms not properly or completely filled out and exhibitor may be disqualified from the show.**
7. Lamb Docking Rule: Scientific research indicates that the incidence of rectal prolapse is reduced when the tail is docked in a non-extreme manner. The recommended method is to dock at the distal end of the caudal fold (3rd caudal vertebra). Complete tail removal (extreme docking) is not an accepted sheep production practice and is discouraged for all Tooele County Junior Livestock Show sheep projects. Market Lambs or breeding sheep showing any sign of contagious disease or current or recent signs of prolapse, or with an open sore on the dock (rosebud), will be sifted from the show at the discretion of the show veterinarian at the time of weigh-in and their determination is final. Any lamb showing evidence of club lamb fungus will be quarantined immediately and, after verification of infection by the show veterinarian, will be sifted and removed from the show grounds immediately.

RULE ENFORCEMENT

1. The local show has the responsibility to enforce the rules and regulations at this show.
2. All rules will be strictly enforced. Any violation of the rules may result in premium money being forfeited and/or the exhibit being sifted or dropped from the show and sale order.

RULES FOR LIVESTOCK SALE

1. Animals **will not** sell if not lined up in sale order
 2. **Grand Champion and Reserve Champion beef, lambs, goats, and hogs must be sold.**
 3. Owners must weigh, fit, show, and sell their own animals in the ring. Exceptions are made only in the case of a medical emergency documented with a doctor's note **AND** with the advanced approval of the executive stock show committee.
 4. There will be a 3% commission charge on all animals sold. Also, a \$5 per exhibitor grounds fee will be charged. The grounds fee will be returned to all exhibitors that help set up the grounds Monday before the show and clean up the grounds on the Monday following the show.
 5. Ownership is assumed at the time of the sale.
 6. **All beef from outside of Tooele County must have a brand inspection before they can be entered.**
 7. No maximum weight on beef, lambs, goats or swine.
 8. Required minimum weights at weigh-in:
 - Cattle:** 1,000 pounds
 - Hogs:** 230 pounds
 - Lambs:** 100 pounds
 - Goats:** 60 pounds
- Each animal is allowed only one (1) weigh-in on the official scale.** Animals weighing less than the minimum at the weigh-in will be sifted from the auction.
9. There will be ten starred (rosette) animals in each division. These animals will receive \$20 each in lieu of the listed premium money.
 10. All sales are final. No animals can be resold to another person by paying the premium. Once the sale is declared by auctioneer, the sale is final, changes in buyer information will not be allowed.
 11. Floor animals will not be resold or redirected once they are declared in the sale ring.

ENTRANCE REQUIREMENTS

Entries for market animals must be received and paid for between **May 15 and June 15** of the current year.
